Dear Sir:

In reply to your favour of November 29th, the annual dues for an Associate Member of this Society are Five Dollars. This would entitle you to receive our publications and, also, to subscribe for any medals we issue. I take pleasure in enclosing a circular which gives a brief statement of the objects of the Society, and an application card which I should be glad to have you fill out and return should you desire to become a member.

Very truly yours,

Secretary
